EXPERIENCE

Lead Product Designer at Windmill/WEF
December 2021 - January 2024

- Led a high-performing team of 5 and delivered a digital operating system for multi-stakeholder initiatives, along with a satellite white-labeling application. Navigated the entire process from idea to launch and continuous improvements, engaging ~100 organizations and attracting ~500K unique visitors.
- Restructured delivery processes and file organization structures to ensure high-quality outputs and improve collaboration by reducing back-and-forth between design and development teams.

Senior Product Designer at Windmill
April 2019 - December 2021

- Facilitated design sprints and designed a playbook tool for creating plastic policies, currently assisting 13 countries across the globe.
- Designed a public-facing website and a product for a tool recognized by FastCompany as one of the World's 50 Most Innovative Companies in 2021.
- Led a venture project from research to concept, overseeing a team of 5 designers and researchers, demonstrating leadership and project management skills.
- Played a pivotal role in a company rebranding and website revamp, resulting in an enhanced online presence and higher number of followers.
- Helped redesign and simplify a complex system for gathering and analyzing document updates from different sources to build a knowledge database.
- Acted as a mentor for 4 team members from various projects, fostering skill development and contributing to a positive team culture.

Product Designer at Freelance
January 2016 - Present

- Successfully delivered multiple projects under NDAs, including product launches and design revamps, with a focus on increasing audience reach and overall functionality improvements.

UI/UX Designer at 340Basics
April 2017 - November 2017

- Led a comprehensive redesign and usability improvement that resulted in increased revenue and a 50% reduction in task completion time.

Graphic/Web Designer at IT Bootcamp Fabrika
November 2015 - May 2016

- Created a brand identity and all collateral materials for a new IT conference, attracting over 200 participants and 25 sponsors.
